

“Entered into an agreement with SKE Support Services to provide fleet maintenance for all city owned vehicles. By partnering with SKE, the city will reduce the overall fleet maintenance cost by \$150K per year”

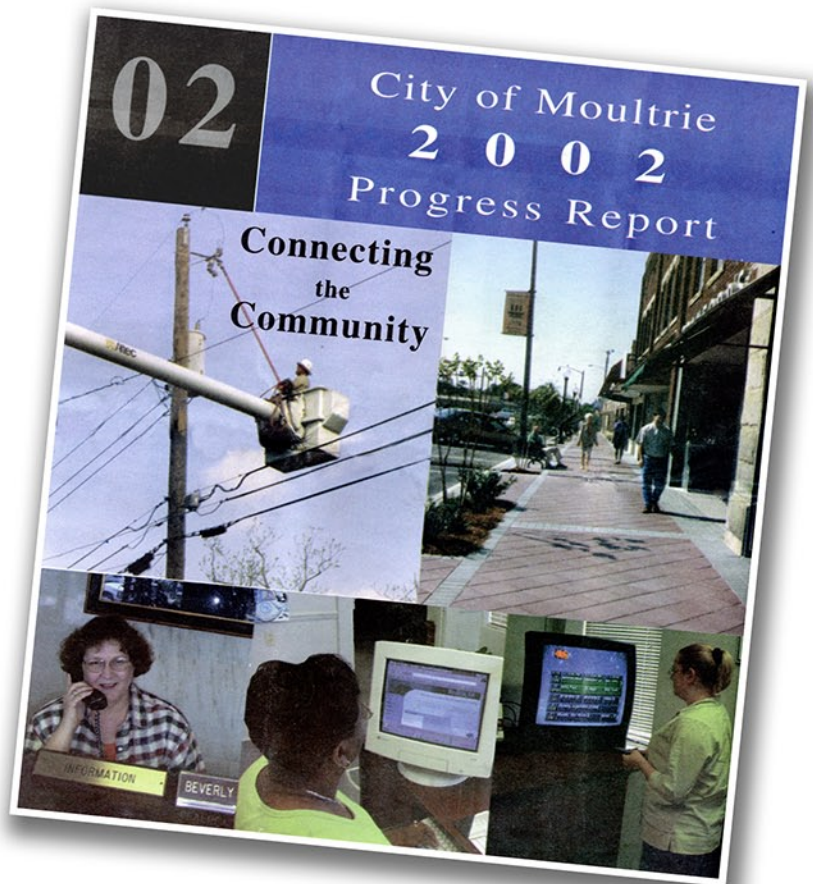

— City of Moultrie 2002 Progress report

The savings the City of Moultrie has experienced (about 15% as compared with its previous fleet maintenance budget) represents the value our clients receive.

Additional benefits to the City include increased vehicle availability and a custom-designed maintenance program.

SKE can provide similar solutions for your fleet maintenance needs. Please contact Dave Jones at (303) 816-0284 or visit WWW.SKEFLEET.COM
